*Dear Mr Stevens*

I am contacting you on behalf of my constituent and local journalist, Roseanne Edwards.

As detailed in the email attached, Roseanne submitted an FOI request to NHS England on Friday 10 February. She has not yet received a full response, despite over twenty working days having passed since her request.

I understand that NHS England are still looking into this matter. However, the information required is particularly time-sensitive owing to the ongoing healthcare consultation in Oxfordshire.

It is very important that my constituents, and members of the public, are provided with as much information as possible prior to the end of the consultation. I would therefore be most grateful if you could look into this request as a matter of urgency.

*Yours*

**Subject:** Fwd: FOI to Clinical Senate

Dear Victoria,

Thank you for your offer to help to obtain this information as soon as possible, and certainly in good time before the end of the public consultation on Phase One of the OTP.

This is the original request. Their reference number is FOI-052660

I'd be really grateful for your assistance. This could be very important information.

Thank you also for your words for the canvassing story. At the moment that's going on the front page (but things can change).

Best wishes

Roseanne

Dear Ms McClure/Ms Barrett

I would be very grateful if you could lodge the FOI request to the appropriate department of the Clinical Senate at the first opportunity on Friday, February 10.

I would be grateful for all papers, minutes of meetings and correspondence between the Senate and the Oxford University Hospitals NHS Trust and Oxfordshire Clinical Commissioning Group connected with the Senate's involvement in considering the Horton General Hospital's maternity department from July 2015 to date (February 8, 2017), requested under the Freedom of Information Act.

Thank you very much for your help.

With best wishes,

Roseanne Edwards,
