Dear David

I was really pleased that it was possible for me to attend the last Community Partnership Network meeting at Bodicote House, not least because it gave me the opportunity to meet Dr Walsh.

He did a very good job at representing the Clinical Commissioning Group, and gave a very interesting answer to my question about the split consultation. Specifically, he seemed to confirm that pausing the consultation and restarting it as one had not been considered by the CCG. He also assured those in attendance that he would look into the merits of the proposal and raise it at the next programme executive meeting.

I got the impression that everyone there was taken aback by his comments, not least because we have all been given a very different impression from other members of the Clinical Commissioning Group.

It would be really helpful if you were able to clarify the Clinical Commissioning Group's current position on this matter. I am sure Cherwell District Council would be happy to provide you with a copy of the minutes when they are finalised to confirm Dr Walsh's specific comments.

Yours

Victoria
